

(I think this was from missing & you raised it - check on it)

Ext. A Desert Island

Hallie, Ivy and their younger sister Annie are sitting on the sand. Hallie and Ivy are both visibly upset with Annie.

Hallie
Of all the stupid ideas.

Ivy
Yeah. Even I wouldn't have been that dumb.

Annie
How was I to know the boat was going to sink?

Ivy
Well... for one thing, you could have checked to see if had enough gas.

Hallie
Ah Ivy... the boat sank because she dropped the anchor in the boat not & in the water Ivy.

Ivy
Yeah right.

Hallie
No. Really that's why.

Ivy
Ohhh... Ok, so... like, for one thing, you could've dropped the anchor in the water not the boat Anne.

Annie
Thanks for pointing out the obvious genius.

Ivy
Don't get smart with me. We're stuck here because of you.

Annie
Look we're going to be rescued soon, so let's just make the best of it, ok.

Hallie
Rescued. How do you know?

Ivy
Yeah. How do you know. Did your magic 8 ball tell you?

Anne
No. Its because our parents will realize we're missing and they'll send the Coast Guard out to look for us.

Hallie
That's what everyone on Gilligan's Island thought, too.

Ivy
(shutters at the thought)
Why did you have to bring up Gilligan's Island. The horror.

Hallie
It's true. Face the facts. We're in big trouble.

Anne
No, we're not. We'll just make an S.O.S sign, and when a plane flies over they'll see us.

Hallie
(to Ivy)
Quick, you get some rocks and I'll make the sign.

Ivy
(looking around)
There's no rocks. We're on a beach.

Hallie
Shoot. Hey, how about if we spell it in the sand?

Ivy
Good idea.
(starts writing in the sand.)
"Dear plane, my name is Ivy and my sister's names are..."

Anne
You don't need to write a whole letter. Just write "HELP!"

Ivy
Right. Help it is.

Ivy writes "Help" in the sand.

The three sisters now sit around looking up at the sky, waiting for a plane to show up.

Nothing. No planes any where.

Hallie
I'm hungry.

Ivy
Me too.

Anne
I bet our parents are just sitting down to breakfast.

Ivy
Probably eating eggs & bacon with toast and pancakes with maple syrup drizzled all over them.

Hallie
Stop it! You're going to make me crazy.

Long pause.

Ivy
I'm hungry.

Anne
Maybe we should look around for some food.

Hallie
Like what?

Ivy
(she has an idea.)
On Gilligan's island there were always coconuts around.
(beat)
The horror.

Anne
There's some tree's over there, I'll go look.

Hallie
And I'll stay on the look out for any planes.

Ivy
And I'll stay on the look out for Gilligan.

Annie exits. Hallie re-writes the HELP sign only bigger this time. After a few moments Anne returns eating a popsicle.

Hallie/Ivy
Where did you get that popsicle?

Anne
There's a restaurant behind those trees. This nice man just gave it to me. He said there's a big hotel up the hill. Maybe we can go there if we get tired of waiting to be rescued.

Ivy
(sits in frustration)
I hope we get rescued soon. I want a popsicle too!

Hallie
(grabbing the popsicle)
Oh, Geez...

Hallie gets up and exits towards the Hotel.

Anne
Bring me back a popsicle.

Ivy
Where are you going?

Hallie
(looking at the popsicle)
To get rescued.
