- A Wanna go to the store with me? I just got my allowance.
- B Okay, but I'm not spending any money. But I'll keep you company.
- A You sure? I think they just got the new comic books.
- B Very sure. I'm saving my money.
- A What for?
- B I want to get a new bike.
- A But you have a nice bike.
- B Yeah, but I'm probably gonna want a new one sometime next year.
- A Next ... year? That's so far away!
- B Exactly! So if I start saving money now, I'll be ready to buy anything I want later on.
- A But if you save money now ... you can't buy stuff you like now.
- B But I can buy stuff I like better later.
